ASSIGNMENT OF PATENT APPLICATIONS

WHEREAS, we, David A. Offord, William Ware Jr., Dan B. Millward, David S. Soan, and Manfred A. Young, hereinafter referred to as "Assignors", are inventors of the inventions described and set forth in the applications for United States Letters Patent listed on Schedule A attached hereto (the "Patent Rights"); and

WHEREAS, Nano-Tex, LLC, a California limited liability company (the "Assignee"), having a place of business at 5770 Shellmound St., Emeryville, CA 94608, is desirous of acquiring an interest in the Patent Rights and in any Letters Patent and Registrations which may be granted on the same;

NOW THEREFORE, for good and valuable consideration, the receipt, sufficiency and adequacy of which are hereby acknowledged by Assignors, Assignors do hereby:

SELL, ASSIGN AND TRANSFER to Assignee their entire right, title and interest for the United States and all foreign countries in and to the Patent Rights and to any and all future improvements thereon and all divisional, continuing, substitute, renewal, reissue and all other applications for patent which have been or shall be filed in the United States and all foreign countries on the same; all original and reissued patents which have been or shall be issued in the United States and all foreign countries on the inventions and any improvements; and specifically including the right to file foreign applications under the provisions of any convention or treaty and claim priority based on such applications in the United States;

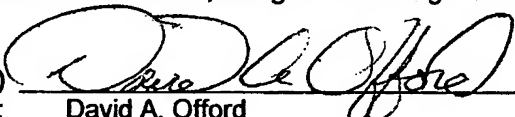

AUTHORIZE AND REQUEST the issuing authority to issue any and all United States and foreign patents granted on the inventions to the Assignee;

WARRANT AND COVENANT that no assignment, grant, mortgage, license or other agreement affecting the rights and property herein conveyed has been or will be made to others by the undersigned, and that the full right to convey the same as herein expressed is possessed by Assignors;

COVENANT, when requested and at the expense of the Assignee, to carry out in good faith the intent and purpose of this assignment, Assignors will execute all divisional, continuing, substitute, renewal, reissue, and all other patent applications on the inventions and any improvements; execute all rightful oaths, declarations, assignments, powers of attorney and other papers; communicate to the Assignee all facts known to Assignors relating to the inventions and the history thereof; and generally do everything possible which the Assignee shall consider desirable for vesting title to the inventions and any improvements in the Assignee, and for securing, maintaining and enforcing proper patent protection for such invention and improvements;

TO BE BINDING on the heirs, assigns, representatives and successors of the undersigned and extend to the successors, assigns and nominees of the Assignee.

IN TESTIMONY WHEREOF, Assignors have signed their names on the dates indicated.
